Room 316
VET MED's building
VNUA

Name: Bui Tran Anh Dao (Bùi Trần Anh Đào)

E-mail: btadao@vnua.edu.vn

Academic position: Associate Professor

Research interests: Clinical & anatomic pathology
Domestic animal infectious diseases
Laboratory animal pathology

Education:

Doctor of Veterinary Medicine (DVM)

Vietnam National University of Agriculture, Hanoi, Vietnam

Master's Degree in Veterinary Medicine

Nong Lam University

Doctor of Philosophy (Ph.D.) - Veterinary Pathology

University of Liège, Liège, Belgium

Selected publications:

1. Phai DV, Daniel D, Mutien-Marie G, **Dao BTA**, Anne-Sophie VL. *Anti-influenza a virus activities of type I/III interferons-induced Mx1 GTPases from different mammalian species*. Journal of Interferon & Cytokine Research. 2019
2. Nga BTT, **Dao BTA**, Lan NT, Osaki M, Kawashima K, *et al*. *Clinical and pathological study of the first outbreak cases of African swine fever in Vietnam*. Frontiers in Veterinary Science. 2020
3. Phai DV, Axel D, **Dao BTA**, Daniel D. *Monoclonal Antibodies Specific to Water Buffalo (Bubalus bubalis) Myxovirus Resistance Protein_1*. Buffalo science. 2020
4. Linh BK, Hieu DD, **Dao BTA**, Linh NV, Thom D, *et al*. *A case of Trypanosoma evansi in a German Shepherd dog in Vietnam*. Parasitology international. 2020
5. Son NV, Hoa NT, **Dao BTA**, Nga BTT, Giang NTH, *et al*. *SARS-CoV-2 in animals*. Vietnam Journal of Agricultural Sciences. 2021
6. **Dao BTA**, Lan NT, Nga BTT, Son HM, Ha NTT, *et al*. *Determination on the African swine fever virus (ASFV) inhibitory potential of some herbal ingredients*. Journal of veterinary science and technology. 2021
